

End-User License Agreement

You (“**Client**” or “**Licensee**”) purchased access to the Services from us (“**Content Guru**” or “**Licensor**”). We license use of the Services to you under the terms of this End-User License Agreement (“**EULA**”).

1. DEFINITIONS

- 1.1 “**Affiliates**” means any entity that directly or indirectly controls, is controlled by, or is under common control with the subject entity.
- 1.2 “**Add-ons**” are additional features, functionalities and services obtained from or performed by a third-party service provider.
- 1.3 “**AI Regulations**” means all applicable laws, regulations and binding regulatory requirements relating to artificial intelligence and automated decisioning (including profiling and algorithmic scoring), in any jurisdiction where the Services are accessed or used or where any AI Output is used or has effect.
- 1.4 “**AI Features**” means any automated scoring, summarization, classification, flagging, sentiment/interaction analytics, any related workflow, prompt-driven, parameter-based or configuration-driven feature, or other AI-assisted functionality made available as part of the Services, including any Large Language Model (LLM) assisted functionality.
- 1.5 “**AI Output**” means any score, answer, label, summary, recommendation, dashboard, flag, trend, insight, report, or other output generated by the AI Features using automated techniques.
- 1.6 “**Authorized Users**” means Licensee’s named employees and representatives for whom access to the Services has been expressly granted under an Order and this EULA.
- 1.7 “**Customer AI Configuration**” means any workflow, prompt, instruction, parameter, setting, retrieval source, knowledge source, threshold, tool selection, escalation logic, template, rule, or other configuration of an AI Feature that is created, selected, uploaded, modified, enabled, disabled or otherwise controlled by or on behalf of Licensee or any Authorized User, including any change to a Standard AI Configuration after deployment by Licensor.
- 1.8 “**Customer AI Input**” means any prompt, instruction, query, text, data, document, retrieval source, selection, or other input submitted to or used with any AI Feature by or on behalf of Licensee or any Authorized User, including through any Customer AI Configuration.
- 1.9 “**Customer-Configured Output**” means any AI Output generated in whole or in part from a Customer AI Configuration or Customer AI Input.
- 1.10 “**Documentation**” means any service specifications, user guides, manuals, operating or security policies or any other instructions as may be provided to you by Licensor from time to time.

- 1.11 **"High-Risk Use"** means use of the Services in a manner that causes the Services (or any component) to be classified as "high-risk" under AI Regulations), including where used to assist with workplace monitoring and/or performance evaluation.
- 1.12 **"Licensee Data"** means any electronic data, information or material provided or submitted by or for Licensee or its Authorized Users into the Services, excluding existing content and non-Licensor Applications.
- 1.13 **"Licensee Materials"** means all documents, information, items and materials in any form, whether owned by Licensee or a third party, which are provided by Licensee to Licensor in connection with the Services.
- 1.14 **"Malicious Code"** means code, files, scripts, agents or programs intended or likely to cause harm, including, for example, viruses, worms, time bombs and Trojan horses.
- 1.15 **"Non-Licensor Application"** means a web-based, mobile, offline or other software application functionality, including but not limited to open source, freeware, shareware or similar software that interoperates with the Services that is provided by Licensee or a third party.
- 1.16 **"Order"** means an order placed by Licensee with Licensor for the provision of the Services.
- 1.17 **"Prohibited Use"** means any use of the Services or AI Features that is prohibited under AI Regulations.
- 1.18 **"Standard AI Configuration"** means any standard workflow, prompt set, parameter settings, guardrails, use case configuration, and related formulation of an AI Feature that Licensor expressly agrees to provide as part of the Services and which is described in the applicable Order, Service Specification or Documentation.
- 1.19 **"Territory"** means the territory where the Services are received.
- 1.20 **"Text Data"** means text-based content provided to the Services, including transcripts, chat messages, emails, tickets, and other written communications, and any associated labels/metadata provided by Licensee.
- 1.21 **"Transcript"** means a text transcription of an audio recording (or other interaction), whether generated by the Services or a third party.

2. GRANT AND SCOPE OF LICENSE

- 2.1 In consideration of you agreeing to abide by the terms of this EULA, Licensor hereby grants to you a non-exclusive, non-transferable, non-sublicensable, irrevocable license to access and use the Services in the Territory for your internal business purposes, in the specific configuration in the Service Specification for the duration of the Order.

- 2.2 You may access and use the Services for the agreed purpose only and for the number of concurrent Authorized Users agreed between us. You may reassign any base license from one Authorized User to another a maximum of once in any ninety (90) day period.
- 2.3 You will use the Services only in accordance with any Documentation as may be provided to you by Licensor under any Order or this EULA from time to time. We will host and retain physical control over the Services and make the storm platform available only through the internet for access, use and operation for you by your Authorized Users. We shall have no obligation to deliver or otherwise make available to you any copies of computer programs or code, whether in object code or source code form.
- 2.4 We may update or require you to update the Services, provided that the Services shall always materially match the description that we provided to you in the Service Specification.
- 2.5 You may receive and use supplementary software code or updates of the Services incorporating "patches" and corrections of bugs or errors as may be provided by Licensor from time to time.
- 2.6 You acknowledge that the Services provide configurable functionality and that You are solely responsible for:
 - 2.6.1 Selecting, enabling, disabling and configuring features appropriate for its intended use case;
 - 2.6.2 any Customer AI Configuration and any Customer AI Input;
 - 2.6.3 reviewing, testing, approving, monitoring and maintaining any Customer AI Configuration before and during live use;
 - 2.6.4 ensuring that any configuration, deployment, prompts, parameters, instructions, workflows and use of the Services comply with AI Regulations, all other applicable laws and the Documentation;
 - 2.6.5 not enabling, configuring, prompting or deploying features in a manner that would result in Prohibited Use; and
 - 2.6.6 all Customer-Configured Outputs and all decisions, actions, communications or omissions based on or arising from them.
- 2.7 Where Licensor provides a Standard AI Configuration as part of the Services, Licensor is responsible only for that Standard AI Configuration as delivered by Licensor in accordance with the applicable Order, Service Specification or Documentation. Any modification, supplement, override, replacement, re-ordering, re-weighting, enabling, disabling or other change to that Standard AI Configuration by or on behalf of Licensee shall constitute a Customer AI Configuration.

- 2.8 Without limiting clause 2.6, Licensee remains solely responsible for: (a) all Customer-Configured Outputs; (b) verifying the suitability, accuracy, completeness and legality of any AI Output before it is used, communicated, published, relied upon or actioned; (c) all customer communications, decisions, actions and omissions made using or in reliance on any AI Output; and (d) any use of the Services in customer-facing or real-time response environments.
- 2.9 To the extent any AI Output is generated from bespoke, customized or configured prompts, instructions, parameters, workflows or other settings created, selected, enabled or modified by or on behalf of Licensee or any Authorized User beyond the Standard AI Configuration, Licensee shall remain solely responsible for such prompts, configurations and resulting AI Outputs, and for any use made of or reliance placed on them.
- 2.10 Licensor shall have no liability for any Customer-Configured Output, or for any loss, claim, liability, cost or damage arising from or connected with any Customer AI Configuration, Customer AI Input, or any modification by Licensee to a Standard AI Configuration, except to the extent the relevant AI Output was generated solely from an unmodified Standard AI Configuration provided by Licensor in accordance with the agreed Order, Service Specification or Documentation.
- 2.11 You acknowledge that the Services may generate AI Outputs based on Text Data, Customer AI Input and system configuration. AI Outputs are intended to support quality management and coaching workflows and do not constitute professional advice. Licensee remains solely responsible for all employment/HR decisions and for ensuring that any AI Output is reviewed by appropriately trained personnel before being used to take or support decisions that may affect individuals.
- 2.12 We reserve the right to modify, restrict, or discontinue features of the Services as may be necessary to ensure compliance with AI Regulations. We shall use reasonable endeavors to provide advance notice of any such changes. You will cooperate with us in implementing any changes required for regulatory compliance, including updating configurations, accepting software updates or modifying use practices.
- 2.13 We may immediately suspend your access to the Services (in whole or in part) if we reasonably believe that you are using or intend to use the Services in breach of this EULA or in a manner that may expose us to regulatory risk.

3. RESTRICTIONS

- 3.1 Licensee and its Authorized Users shall not access or use the Services except as otherwise expressly permitted or contemplated by the Order or this EULA. For the purpose of clarity and without limiting the generality of the foregoing, Licensee and its Authorized Users shall not:
- 3.1.1 Allow access to the Services or otherwise make any Services available to anyone other than Licensee or Authorized Users, or use any Services for the benefit of anyone other than Licensee or its Affiliates, unless expressly stated otherwise by Licensor in writing;
 - 3.1.2 Modify, translate, adapt, alter or create derivative works of the Services;

- 3.1.3 Copy, rent, lease, lend, sell, re-sell, sublicense, assign, distribute, publish, transfer, or otherwise exploit or make available the Services to any person or third party, including on or in connection with the internet or any time-sharing, service bureau, software as a service, cloud, or other technology or service;
- 3.1.4 Bypass, breach or attempt to bypass or breach any security device or protection used by or incorporated into the Services;
- 3.1.5 Use the Services to store or transmit infringing, libelous, malicious or otherwise unlawful or tortious material, or to store or transmit material in violation of third-party privacy rights;
- 3.1.6 Input, upload, transmit, or otherwise provide to or through the Services any information or materials that are unlawful or injurious, or contain, transmit or activate any Malicious Code;
- 3.1.7 Interfere with or disrupt the integrity or performance of any Services or Licensor or third-party data contained therein;
- 3.1.8 Attempt to gain unauthorized access to any Services or its related systems or networks;
- 3.1.9 Permit direct or indirect access to or use of any Services in a way that circumvents any contractual usage or capacity limit, or use any Services to access or use any intellectual property except as permitted under this EULA;
- 3.1.10 use the Services with any software or other materials that are subject to licenses or restrictions (e.g., open-source software licenses) that, when combined with the Services, could require Licensor to disclose, license, distribute or otherwise make all or any part of the Services available to anyone, or grant others any rights to modify the Services;
- 3.1.11 Frame or mirror any part of any Services other than framing on Licensee's own intranets or otherwise for its own internal business purposes;
- 3.1.12 Except to the extent permitted by applicable law, disassemble, reverse engineer, or decompile the Services or access it to (1) build a competitive product or service, (2) build a product or service using similar ideas, features, functions or graphics of the Services, (3) copy any ideas, features, functions or graphics of the Services, or (4) determine whether the Services are within the scope of any patent;
- 3.1.13 Attempt to access the Services in source code form;
- 3.1.14 Access the Services outside the Territory; or
- 3.1.15 Otherwise use the Services in any unlawful manner (including any applicable local, state, national or international laws and regulations).
- 3.1.16 use any AI Output as the sole basis for a decision producing legal or similarly significant effects concerning a natural person without meaningful human review;
- 3.1.17 use, enable, configure, prompt, or otherwise operate the Services for any Prohibited Use;
- 3.1.18 use the Services for biometric identification, biometric categorization, or emotion-recognition purposes (including by combining the Services with other tools), unless expressly agreed in writing in an Order and permitted by applicable law;
- 3.1.19 prompt the Services to infer or determine sensitive attributes or states of an employee (including health status) from Transcripts or other content, or to recommend employment actions (e.g., termination/discipline) based solely on AI Outputs;
- 3.1.20 disable, delete, materially interfere with, or bypass audit trails or logs made available by the Services, except as permitted by the Documentation and applicable law; and
- 3.1.21 create, use, enable or maintain any Customer AI Configuration or Customer AI Input in a manner that: (a) is inconsistent with the Documentation, Service Specification or any

configuration restrictions or guardrails imposed by Licensor; (b) is likely to generate unlawful, infringing, defamatory, discriminatory, misleading or otherwise non-compliant outputs; or (c) removes, weakens, circumvents or undermines any safeguard, control or locked field implemented by Licensor for legal, regulatory, safety or compliance purposes.

- 3.2 Licensor may monitor the Services to prevent or detect any violation of this EULA. Any violation of this EULA shall constitute a material breach of this EULA and any Order which, without limitation to its other rights and remedies under this EULA or at law, shall entitle Licensor to immediately revoke the license and terminate the Order.

4. OBLIGATIONS

- 4.1 Licensee shall take such steps as are reasonably necessary to ensure access to the Services and in particular to ensure that sufficient lines, ports and other apparatus are ordered to meet all reasonably expected demand therefor.
- 4.2 Licensor shall have the right in its absolute discretion to suspend, bar or restrict access to the Services if at any time Licensor is directed by Ofcom, the FCC or other competent authority (whether directly or indirectly), to cease to facilitate or allow the provision of the Services.
- 4.3 Licensor acting reasonably reserves the right to take any necessary corrective actions in the event Licensee's Services experience unusual or unexpectedly high contact volumes (for example, a DDoS (distributed denial-of-service) attack on Licensee's Services) that may disrupt Licensee's Services or the services Licensor provides to other customers. Licensor will notify Licensee promptly and use reasonable endeavors to agree an action plan to manage and address the abnormal contact volumes. In the event the parties are unable to agree an action plan, Licensor (acting reasonably) reserves the right at its discretion to suspend, bar, restrict or terminate the affected Service.
- 4.4 Licensee acknowledges and accepts that the ability to make calls to the Emergency Services may be adversely affected in cases where Licensee uses the Services to make outbound calls over the internet. The Emergency Services may not receive accurate information on the location of callers, or calls may fail due to power or internet connection failures. Licensor accepts no liability for the failure of such calls and Licensee should therefore ensure that all users are aware of these limitations and have alternative means of accessing the Emergency Services.
- 4.5 Licensee shall ensure that (where appropriate to do so under applicable law): all location information (including address information, Caller Line Identification (CLI) and associated site address) is up-to-date and accurate in all respects; and that all necessary equipment is configured to present a CLI that correctly corresponds to the correct site so that Licensor is able to provide accurate location information to the Emergency Services. Licensee shall promptly update Licensor in the event such location information changes. Licensee accepts full responsibility for failure to comply with its obligations and agrees to indemnify Licensor in full for, and save Licensor harmless from and against, all costs, expenses, damages, liabilities and losses (whether direct or indirect) of any kind, including (without limitation) any interest, fines, legal and other professional fees and expenses awarded against or incurred or paid by Licensor

as a result of or whatsoever related to the Emergency Services being dispatched to a location other than the location from which the call to the Emergency Services originated as a result of Licensor's failure to comply with its obligations.

- 4.6 Licensee shall ensure that all Authorized Users who access or use AI Features have received appropriate training and are aware of:
 - 4.6.1 the lawful and intended uses of such features as described in the Documentation;
 - 4.6.2 any restrictions on use applicable under AI Regulations; and
 - 4.6.3 Licensee's internal policies and procedures for ensuring compliant use of AI Features and the Services.
- 4.7 Licensee shall maintain appropriate governance, approval, testing and monitoring procedures for any Customer AI Configuration, including version control, change approval, human review criteria, escalation routes, and periodic validation of outputs generated in live operation.

5. INTELLECTUAL PROPERTY RIGHTS

- 5.1 Licensor hereby grants Licensee, in accordance with this EULA and during the term of any Order, a non-exclusive, non-transferrable, irrevocable license to use the Services or other Documentation provided by Licensor to the extent necessary to access the Services.
- 5.2 Licensee hereby grants Licensor a fully paid-up, non-exclusive, non-transferable, royalty-free license to access, use, copy and/or modify Licensee Materials for the term of this EULA for the purpose of providing the Services to Licensee.
- 5.3 All intellectual property rights belonging to a party prior to the date of the Agreement ("Pre-Existing IPR") shall remain with, and vested in, that party and shall not be assigned hereunder. Licensor retains all title, copyright and other proprietary rights in the Services and Documentation, and in all copies, improvements, enhancements, modifications and derivative works thereof, including without limitation all patent, copyright, trade secret and trademark rights. Any use of either party's Pre-Existing IPR other than as expressly described in this EULA requires prior written approval from the owning party.
- 5.4 Any new intellectual property rights, including without limitation any invention, creation, service, product, release, modification or improvement, created under this EULA ("New IPRs") will belong to Licensor. Licensor will grant to Licensee a non-exclusive, non-transferable, irrevocable license to use any New IPRs in accordance with and for the term of the Order.
- 5.5 Licensee hereby grants Licensor and its respective Affiliates and assigns a non-exclusive, non-transferable, royalty-free, revocable right to use the name, any logo or trademark of Licensee in any advertising or promotional materials, including Licensor's (and its Affiliates and assigns) websites, related to the promotion of Licensor's products and services, at all times subject to Licensor obtaining Licensee's prior written consent of such use and the proposed content.

6. LICENSEE DATA

- 6.1 Licensors will maintain appropriate administrative, physical, and technical safeguards for protection of the security, confidentiality and integrity of Licensee Data. Those safeguards will include, but will not be limited to, measures designed to prevent unauthorized access to or disclosure of Licensee Data (other than by Licensee or Authorized Users).
- 6.2 Licensors will process Licensee Data under this EULA in accordance with applicable data protection and privacy laws, subject at all times to Licensors' regulatory, audit and retention requirements.
- 6.3 Licensee grants Licensors, its Affiliates and applicable contractors a worldwide, limited-term license to host, copy, use, transmit, and display any Non-Licensors Applications and program code created by or for Licensee using a Service or for use by Licensee with the Services, and Licensee Data, each as appropriate for Licensors to provide and ensure proper operation of the Services and associated systems in accordance with this EULA. If Licensee chooses to use a Non-Licensors Application with the Services, Licensee grants Licensors permission to allow the Non-Licensors Application and its provider to access Licensee Data and information about Licensee's usage of the Non-Licensors Application as appropriate for the interoperation of that Non-Licensors Application with the Services. Subject to the limited licenses granted herein, Licensors acquires no right, title or interest from Licensee or its licensors under this EULA in or to any Licensee Data, Non-Licensors Application or such program code.
- 6.4 Licensee will comply with all applicable data protection and privacy laws, including the TCPA and related regulations of the FCC, and the Federal Trade Commission's Telemarketing Sales Rule, when accessing the Services under this EULA.

7. AI REGULATORY COMPLIANCE

- 7.1 Where AI Regulations apply to any AI Feature (including any High-Risk Use), the Parties shall comply with their respective obligations under applicable law.
- 7.2 For High-Risk Use (to the extent any AI Feature is classified as such under the AI Regulations), the Parties intend that Licensors acts as "provider" and Licensee acts as "deployer".
- 7.3 Licensors shall make available Documentation and instructions to enable Licensee to deploy the AI Features in accordance with AI Regulations, including information on intended purpose, limitations, and recommended human oversight, monitoring and record-keeping.
- 7.4 Licensee shall:
 - 7.4.1 implement appropriate technical and organizational measures to use the Services in accordance with the Documentation and instructions for use;

- 7.4.2 ensure meaningful human oversight by suitably trained personnel with authority to review, override and/or disregard AI Outputs including any Customer-Configured Outputs;
- 7.4.3 where Licensee controls the input data, take reasonable steps to ensure Text Data and any Customer AI Input is relevant, appropriate and sufficiently representative to the intended purpose;
- 7.4.4 retain logs under its control for at least the minimum period required by applicable law;
- 7.4.5 prior to workplace use, inform workers' representatives and affected workers as required by applicable law; and
- 7.4.6 promptly notify Licensor of suspected serious incidents or material malfunctions in the Services relevant to compliance, and cooperate with Licensor and competent authorities as required by applicable law.

8. MOBILE TASK APPLICATION (MTA) PRODUCT

Where Licensee and/or its Authorized Users use MTA as part of the Services, Licensee agrees to the following:

- a. Licensee shall maintain, update and monitor a mobile phone policy aligned with all legal and regulatory requirements to ensure any use of the MTA by Authorized Users is compliant with applicable laws;
- b. Licensee shall ensure its mobile phone policy includes all necessary software protections and applications for its own data security;
- c. Licensee and Authorized Users acknowledge that any software license agreement in effect between the Licensee, its Authorized Users and a third-party application provider governs the use of the mobile device, including without limitation, any smart phone, tablet or other device running on the third-party supplier's operating system(s);
- d. Licensee agrees that the third-party application provider may, at any time and without notice, suspend or terminate use of the MTA by Licensee and its Authorized Users, or delete the MTA from the device or operating system on which it is installed without any compensation or refund from the third-party application provider or the Licensor; and
- e. Licensee agrees that Licensor is not liable for any service disruption which is not caused by or otherwise attributable to Licensor, including without limitation mobile carrier failures.

9. THIRD-PARTY PRODUCTS

The Services may integrate and/or interoperate with third-party service provider products or applications, for example (without limitation) Twitter and WhatsApp. Licensor makes no representations, endorsements, guarantees or warranties, express or implied, with respect to

any Add-ons, including but not limited to the continuing availability, functionality or support of such Add-ons, or the continuing ability to access, use and/or integrate the Services with such Add-ons. Licensor may cease providing third-party products or applications without entitling Licensee to any refund, credit, or other compensation if, for example and without limitation, the provider of a third-party application ceases to make the product or application available for interoperation with the corresponding service feature(s) in a manner acceptable to Licensor. Licensor is not responsible for any disclosure, modification or deletion of Licensee Data caused by an Add-on or any Non-Licensor Application or Provider.

10. WARRANTY, LIABILITY AND INDEMNIFICATION

- 10.1 Licensor warrants that the Services, when operated in accordance with the Documentation, will substantially conform to the Documentation during the term of the Order. Except as expressly stated in this subsection: (a) no warranties, guarantees or assurances of any kind, express or implied (in law or in fact), are made by Licensor to Licensee, including any implied warranties of merchantability, quality or fitness for any particular purpose, which are specifically excluded; and (b) Licensor does not warrant that any information, computer program, software or Services provided by Licensor or any third-party provider will fulfil any of Licensee's particular purposes or needs, nor does Licensor warrant that access to or operation of the Services will be uninterrupted or defect-free.

For the avoidance of doubt, Licensor does not warrant that any AI Output will be error-free or suitable for any particular decision-making purpose, nor does Licensor guarantee the accuracy, completeness, reliability or fitness for purpose of any AI Output; Licensee is responsible for verifying AI Outputs and for all decisions taken using or in reliance on any AI Output. Without limiting the foregoing, Licensor gives no warranty, representation or undertaking that any Customer AI Configuration, Customer AI Input or Customer-Configured Output will be accurate, complete, appropriate, legally compliant, fit for purpose, non-infringing, or suitable for any particular use case, communication, workflow or decision. Licensor shall have no responsibility or liability for any AI Output to the extent generated from bespoke, customized or configured prompts, instructions, parameters, workflows or other settings created, selected, enabled or modified by or on behalf of Licensee or any Authorized User beyond the Standard AI Configuration. Licensor shall also have no responsibility to review, monitor, validate or correct any Customer AI Configuration, Customer AI Input or Customer-Configured Output unless expressly agreed in writing in the applicable Order, Service Specification or Documentation. Any compliance-related AI Outputs (including flags relating to scripts, disclosures or protocols) are indicative only and do not constitute legal advice or any guarantee of regulatory compliance.

- 10.2 Except in relation to death or personal injury caused by the negligence of Licensor or any other liability which may not be excluded or limited at law, Licensor shall not be liable to Licensee for loss of profits, loss of contracts or any indirect or consequential loss arising from negligence, breach of contract or howsoever caused. Licensor's total liability under this EULA in aggregate shall be limited to the annual License Charges payable by Licensee to Licensor under the Order for the provision of the Services.

- 10.3 Licensor shall indemnify Licensee against any claim that the normal use of the Services is a direct infringement of the intellectual property rights of any third party in the Territory provided that Licensee: (a) provides prompt notice of the claim to Licensor; (b) does not prejudice Licensor's defense of such claim; and (c) gives Licensor all reasonable assistance and grants sole authority to control the defense and any related settlement of any such claim.
- 10.4 Licensee will defend, indemnify, and hold Licensor harmless from and against all claims, demands, actions, suits, discovery demands, including, without limitation, third-party subpoenas, government investigations or enforcement actions brought against Licensor by a third party and any damages, liabilities, losses (including loss of goodwill or reputational harm), settlements, judgments, costs and expenses (including, without limitation, attorney's fees and costs) related thereto alleging that:
- 10.4.1 Licensee's use of the Services (including any AI Feature or AI Output) otherwise than in accordance with this EULA and the Documentation (including any instructions for use), or in a manner that constitutes a Prohibited Use, including any Customer AI Configuration, Customer AI Input or Customer-Configured Output used or generated otherwise than in accordance with this EULA, the Documentation, the applicable Order or the Service Specification;
- 10.4.2 Licensor's use of any Licensee Data as permitted by this EULA infringes or misappropriates:
- a) a third party's intellectual property rights; or
 - b) a Non-Licensor Application provided by Licensee;
- 10.4.3 the combination of any Non-Licensor Application provided by Licensee and used with the Services, infringes or misappropriates any third party's intellectual property rights;
- 10.4.4 Licensee's use of any AI-enabled feature of the Services constitutes a Prohibited Use or otherwise fails to comply with AI Regulations, including but not limited to:
- a) any investigation, inquiry, or enforcement action by a regulatory authority;
 - b) any fine, penalty, or sanction imposed under AI Regulations;
 - c) any claim by a third party (including employees, workers, job applicants, or data subjects) alleging that Licensee's use of the Services violated their rights under AI Regulations or related laws;
 - d) any reputational harm to Licensor arising from Licensee's non-compliant use of the Services;
 - e) any Customer AI Configuration, Customer AI Input or Customer-Configured Output, including any allegation that any Customer-Configured Output was

inaccurate, incomplete, misleading, defamatory, unlawful, discriminatory, infringing, non-compliant or otherwise caused harm to any third party;

f) any customer communication, decision, act or omission based on or arising from any Customer-Configured Output; and

g) any modification by or on behalf of Licensee to a Standard AI Configuration.

10.4.5 Licensee's failure to comply with the Documentation, user guides, or any restrictions on use communicated by Licensor, including restrictions relating to AI Regulations; and

10.4.6 Licensee's use of the Services in breach of applicable federal, state or local laws, regulations, regulatory requirements, industry codes, guidance, consent requirements, suppression-list requirements, opt-out obligations, or other rules applicable to outbound calling, automated or predictive dialing, artificial or prerecorded voice messages, text messaging, automated communications, email, campaigns or similar customer-contact activities, including, without limitation, applicable requirements under the TCPA, the FCC, the Federal Trade Commission's Telemarketing Sales Rules, the National Do Not Call Registry, and applicable state telemarketing, do-not-call, privacy, consumer-protection and communications laws, and any resulting complaint, investigation, inquiry, enforcement action, fine, penalty, sanction, claim, loss, liability, cost or expense arising from or in connection with such non-compliant use.

These terms take effect from the point at which Licensor makes the Services available to Licensee, and govern any access to and use of the Services, products, applications and features by Licensee and its Authorized Users. The EULA is a live document and may be updated by Licensor from time to time; Licensee accepts and agrees to be bound by the version of this EULA prevailing or made available from time to time at <https://contentguru.com/en-us/legal/eula>
